Application for the post of Graphic Designer

Dear Sir / Madam

I recently came across your advertisement for a graphic designer, and would like to submit my resume and application for the advertised post. After perusing your requirements I feel that my qualifications and work experience perfectly match them. I hold a Bachelors Degree in Arts (BA) and have a good work experience in advertising agency. I am well versed in different areas of design and have successfully designed solutions for print media and digital media.

I am comfortable with Mac OSX as well as Windows. In addition, I have in-depth knowledge about almost all top designing software, including the following: Adobe InDesign, Adobe Photoshop, Adobe Illustrator, Acrobat Professional, Adobe Dreamweaver, Adobe After Effects and MS Office Packages. Good communication and listening skills are paramount for a graphic designer, and I excel in both verbal and written communication. I am a team player to the core, but am also at complete ease when working alone. I have attached a copy of my resume as well as the link to my online portfolio for your reference. I hope you will find enough evidence of my capabilities as a Graphic designer in there to call me for an interview.

Committed to satisfying the needs of the client from concept to completion on projects that include Designing, Branding, Brochures, Directories, E-magazines, Posters, Labels, Magazines, Book Layouting, Products & Sign Ads, Websites & Emailers and Digital Marketing including Search Engine Optimization & Social Media Marketing.

Looking forward to a positive response at the earliest

Thank you and kind regards

Ajith Kumar T.G
